

IOMC 2019

Symposium Submission Form

Symposium proposals should describe the purpose of the symposium and provide an overview of each paper included in the symposium. A brief review of data, methods, completed results and any additional results expected to be completed by the conference for each paper in the symposium should be included. All proposals should be submitted in English with a maximum of 1000 words and a separate abstract of no more than 200 words. Acceptable proposal formats include Word.docx, Adobe.pdf, and text formats (.txt or .rtf).
